On May 17, 2018 the MURA Board agreed to jointly fund a study to assess the feasibility of the construction of a pedestrian underpass of South Main near the south couplet intersection within the Legacy Crossing District. The MURA and City have recently completed a floodplain assessment work in the vicinity of the south couplet. During the assessment process, the City Council expressed interest in exploring the construction of a pedestrian underpass of South Main/U.S. 95. It would be similar to the underpass currently in construction under State Highway 8 at the Styner/White intersection and would significantly improve pedestrian connectivity and safety within the Legacy Crossing District. The Study has been completed and Staff will present the results for the Board's consideration.

ACTION: Receive report and provide Staff with direction as deemed appropriate.
